Home, it is the realization of family, The space outspread and with friends sharing leisure fashion place, a perfect home, often with fashionable design, full of visual aesthetic feeling of appearance, practical sense of furniture, warm

sweet nature. Only with fashionable attitude to do home design can continuously create the right home life for people. When i was young, i dreamed of upper-class life; when i was over 20 years old, i never give up efforts; when i was 30

years old, i had a was 35 years old, i had extraordinary fame and position; when i was 40 years old, i had a spacious garden villas and a set of anman feather sofa. As long as your heart with dreams, life naturally like the ladder climbing.

Amany unique craftsmanship for Sofa brings creative unique design concept.

Because of service target different, The requirements have difference, we should according to the actual situation to make the comprehensive consideration. Therefore, they are more yearning the fresh and clear natural, comfortable and easy bedroom

environment. More and more people has begun to abandon the over-elaborated and luxury decoration, strive to have a kind of natural simple bedroom space.
The coordination of the indoor furniture arrangement be relative to the interior

space, furniture is movable, as flexible space component, the furniture can adjust the inner space relation. You can use big furniture to separate the space, and change the spaces use function, and differentiate the use area,

It was the edition place with he differentiated visual feast

Time continually severely tests the classic, home sofa accessory are recovering the original simplicity, to reappearance fresh simple but elegant of traditional flavor, anman pursues the beauty, the craftsmanship spirit:

transfers a kind of culture, the tradition quality and charm for many years. It was the edition place with he differentiated visual feast, the jumping inspiration, the thoughtlessly cutting, the combination rule

and the repeatedly deconstruct circumference, each style and each curve is all permeated with the spirit of the times, reveals artistic charm and creative originality, which created such fashionable elegant modern sofa.

Creates the most beauty of life makes your life more close to nature.

Down feather furniture has been made of natural material and also surpassed nature, creates the most beauty of life makes your life more close to nature, make nature more intergreting into life research the "flow line" of the indoor activities of the people. On the "flow line" of the

people taking part in some activity or sport, which can make the arrangement of possible stop or the stop must be, to satisfy the specific function of the furniture. Create the place where can infect, and affect the person's visual psychology or emotion, or make the furniture

arrangement in the place taking part in some ceremony make full use of space is beneficial to the convenient for life, do the best to be practical, and asthetic (organize the sight line of the people, emphasize the overall balance), in the possible situation, arrange the furniture.

The sofa furniture arrangement would makes the indoor space dimmed.

When they are designed with "modern minimalism" together, they immediately become a kind of fashion, a kind of cultural tendency, an art ideal, to be rose to the height of spirit and philosophy. Modern

people are facing the noise and pollution of the city, the fierce competition, and the busy working and intense life. The arrangement principle of the indoor furniture the arrangement of the whole set

furniture in the indoor should accord to the psychological requirements of the user(host), and shall coordinate with the occupation, cultural level, economic power, status, age, hobbies, and ethnic customs of the

host. That is the using the furniture to display the indoor dimensional attribute. The excellent furniture arrangement can add brilliance to the present splendor of the indoor and the brightening decoration

of the indoor. The sofa furniture arrangement would makes the indoor space dimmed, reduce the indoor decoration specification or affects or affect the whole interior space atmosphere.

Rule type is a symmetrical type it can obviously reflect the space axis its equilibrium.

Imagine if there is no furniture in the indoor, this equals to only having "body" but without "internal organs" that shall not talk about any practical style?! So furniture is

Interior space layout of the main body, and the main elements affecting indoor display. In the limited space range, fully improving The utilization rate of interior space,

to get a good indoor environment; it depends on the type, style, quantity of the furniture and the layout density of the furniture in the room. But it is also relative with furniture furnishings

form in interior space. The display form can generally be divided into four types of the rule type, freestyle, decentralized type and centralized type. Rule type is a symmetrical type

it can obviously reflect the space axis its equilibrium, bring people solemn feeling.

More and more people Has begun to abandon the over-elaborated and luxury decoration.

Because of service target different, The requirements have difference, we should according to the actual situation to make the comprehensive consideration. Therefore, they are more yearning the fresh and clear natural, comfortable and easy bedroom

environment. More and more people has begun to abandon the over-elaborated and luxury decoration, strive to have a kind of natural simple bedroom space. The coordination of the indoor furniture arrangement be relative to the interior

space, furniture is movable, as flexible space component, the furniture can adjust the inner space relation. You can use big furniture to separate the space, and change the spaces use function, and differentiate the use area,

The fundamental reason lies in the people bearing more pressure of modern life.

Chamber sweet elegant atmosphere. Clean wall face no overmuch adornment, two widths of parallel hang buy to black and white give a bedroom adornment, added a few minutes quiet with rational, rice white soft sofa edge

style fashionable, such as chinese ming dynasty furniture natural and simple was relatively to the highly centralized political of its political pressure. It can be seen that simple style furniture design, for in city people who work hard under
